Tennessee Hemp Industries Association Partners with Tennessee Growers to Hold Hemp Maze on Chapel Hill Farm

First Inaugural Industrial Hemp Maze Will Open to the Public

Murfreesboro, TN – On August 20th, Tennessee Hemp Industries Association (TNHIA) in partnership with licensed hemp growers, Sandra Scales, Paige Thompson and Clint Palmer will host the first-ever hemp maze in the state. This unique event will bring the challenge and fun of a traditional crop maze together with a hands-on industrial hemp educational experience. Guests are welcome to come picnic in the shade and relax in the hammock garden. Vendors and sponsors can sign-up (*see www.hempmaze.org for details*) and will be announced in the coming weeks. Participants will be required to complete a review of rules and sign a waiver before entry.

Tennessee Hemp Industries Association is the first state chapter of the national *Hemp Industries Association*, founded in 2013. More than thirty advocates, farmers, business owners and representatives are members of the TNHIA. The Association holds meetings the first Wednesday of each month at the Tennessee Center for Botanical Medicine Research of Middle Tennessee State University. Monthly meetings are open to the public and anyone interested in growing hemp in the state is encouraged to attend.
